Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The applicant's representative left a message on the examiner's voice mail in which he claims that claims 1-18 which were examined were cancelled in a preliminary amendment and claims 19-40 were added. The Examiner reviews the file on 04-09-04 and notice that there was in fact a preliminary amendment that was filed. At the time of the examination of the case the preliminary amendment was not in the system. The examiner left a message in the applicant's representative voice mail in which he suggests him to file a formal response to the office action that was mailed to him and the examiner will act on it when receiving the formal response including the preliminary amendment that was filed.
